Certificate of Test

For

8 Jet System with LED

Date of Issue: 30th September 2016
SGS Reference: EMC227682/3
Issue No: 1
Model : BQBW0008/6
Date of Receipt: 27th July 2016
Date of test: 30th August 2016
Test Specification: BS EN 62233:2008

Conclusion: The unit was found to comply with the standards BS EN 62233:2008 (before applying the coupling factor a maximum value of 105.98 % of the limit was measured). The coupling factor was applied to this value and the result was found to comply with the standard.

"This document is issued by the Company subject to its General Conditions of Service available on request or accessible at www.sgs.com/terms_and_conditions.htm and, for electronic format documents, subject to Terms and Conditions for Electronic Documents at www.sgs.com/terms_e-document.htm. Attention is drawn to the limitation of liability, indemnification and jurisdiction issues defined therein. Any holder of this document is advised that information contained hereon reflects the Company's findings at the time of its intervention only and within the limits of Client's instructions, if any. The Company's sole responsibility is to its Client and this document does not exonerate parties to a transaction from exercising all their rights and obligations under the transaction documents. This document cannot be reproduced except in full, without prior written approval of the Company. Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law." "Unless otherwise stated the results shown in this test report refer only to the sample(s) tested and such sample(s) are retained for 28 days only."

This certificate refers only to the sample submitted for test.

This certificate shall not be reproduced except in full without the written approval of SGS UK Ltd.
